

MOBILE ROOM BOOKING

Wherever you are the Smartway2 Mobile App brings power to your fingertips, allowing you to book your desk, a meeting room or any other resource that you may require.

THE SMARTWAY2 BOOK

BOOK ON THE MOVE

With a pleasing and easy to use interface, it takes just seconds to find a suitable resource and confirm your booking.

Whether you're booking for future or for immediate use the Smartway2 Mobile App is your reliable companion.

BOOK HERE AND NOW

Forgotten to book your desk or meeting room? No problem - simply use the book here and now feature so you can readily search and reserve your chosen resources.

The Smartway2 Mobile App allows you to make a reservation in the future at a location of your choice. Smartway2 knows where you are and can show room & desk availability based on your current location.

Not sure where you are? No problem - Smartway2 always knows, and will show you what's available based upon your current location.

MAKE COMPLEX BOOKINGS FROM YOUR PHONE

BOOK AHEAD, BOOK IT NOW

The Smartway2 Mobile App allows you to make a reservation in the future at a location of your choice.

A future booking can be anything from a few minutes away to a few years. Even complex bookings are simple using Smartway2.

You may book multiple resources in one simple booking and if you wish you may even recur your booking across days, weeks, months and even years.

As part of the booking process you may elect to invite colleagues or people outside your organisation.

KEEPING YOU INFORMED

The Smartway2 Mobile App will always keep you informed about your reservations.

It will remind you to check in, and advise of your colleagues' attendance as well as notifying you of any changes to the booking.

EASY TO SET UP

The Smartway2 Mobile App is downloadable from your preferred App Store.

All you then need to do is register for a user account and login with the details supplied.

Once logged in, you stay logged in for convenient ongoing access.

WHAT IT DELIVERS

EASY BOOKING

With a pleasing and easy to use interface, it takes just seconds to find a suitable resource and confirm your booking. Whether you're booking for future or immediate use Smartway2 is the Smartway2work.

SAVE STAFF TIME

Employees don't need to return to the workplace or to call in when they need meeting rooms or desks. They're free to get on with their jobs.

REAL TIME NOTIFICATIONS

Smartway2 will always keep you informed about your reservations. It will remind you to check in, and advise of your colleagues' attendance as well as notifying you of any changes to the booking.

ENHANCED SCHEDULING

The Smartway2 Scheduler provides Administrators with instant visibility of the status of all resources across their organisation, allowing them to make new bookings or amend existing bookings via a simple calendar interface.

REDUCE ENERGY CONSUMPTION

Smartway2 eliminates unnecessary journeys and reduces the amount of energy needed to heat and light rooms when they're not in use.

EFFICIENT RESOURCE MANAGEMENT

Make better use of your workplace resources by improving utilisation levels. Smartway2 enforces a simple "check in" and releases resources that are not being used, making them available for someone else to use.

THE SMARTWAY2 MANAGE

A REVOLUTION IN THE WORKPLACE

Smartway2 will revolutionise how you book your Meeting Rooms and Desks in your workplace.

A brand new solution meticulously designed by industry professionals, Smartway2 exploits the very latest in Cloud and Smartphone technology. This highly innovative, practical and easy-to-use solution offers users a simple and intuitive way to manage resource requirements whilst on the move. It is fully scalable, supporting multiple locations, currencies, languages and time zones making this a solution suitable for both the Small, Medium and Large corporate market sectors.

Smartway2 delivers major benefits to any organisation looking to improve utilisation whilst significantly reducing their real estate costs, energy consumption and carbon footprint.

There is no longer a need for expensive in house IT resource and Smartway2 further reduces your costs from day one by being the world's first truly cloud based mobile scheduling solution, making this the Smartway2work.

SUPPORT

Smartway2 support staff have extensive knowledge of our products and take a keen interest in how clients are using them and are happy to share new ideas and best practices.

Our support team will be pleased to assist you in any aspect of your journey with Smartway2, from initial trial through to post implementation.

Support is available via telephone or email during local office hours.

Telephone: **+44 (0)1494 230036**

eMail: support@smartway2.com

MEETING ROOM DISPLAYS

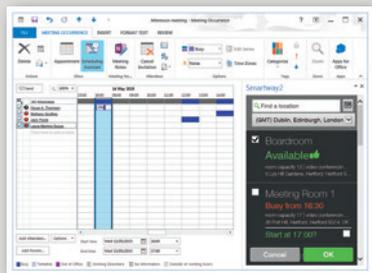

CHECK IN, CHECK OUT

The Smartway2 Room Display Tablets show availability, details of current and forthcoming bookings as well as facilities available within the room.

Check in is quick and easy via either a password authentication, a QR Code scan, an NFC tag touch or interaction with your Bluetooth device and even facial recognition.

For more, see the Smartway2 product sheet;

> [MEETING ROOM DISPLAYS](#)

OUTLOOK INTEGRATION

WINDOWS, OUTLOOK FOR MAC AND OUTLOOK WEB ACCESS INCLUDING OFFICE 365

Real Time 2 Way Integration. Whether you ad-hoc book on a room panel, from your desk using MS Outlook or via your mobile device, all Smartway2 enabled devices will immediately reflect your booking, and all meeting participants will be informed accordingly.

Make any changes, from anywhere, at any time.

For more, see the Smartway2 product sheet;

DESK BOOKING

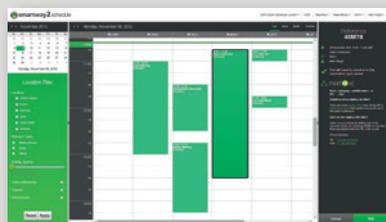

THE SMARTWAY2 BOOK YOUR DESK

The Smartway2 Mobile App provides a simple and efficient way to book your desk on the move or wherever you may be.

On arrival at the office you will automatically be reminded to check in by simply scanning the QR code or touching the NFC tag on the Smartway2 Desk Panel. Reduce your carbon footprint, by adopting flexible working with Smartway2 Desk Booking.

For more, see the Smartway2 product sheet;

> [DESK BOOKING](#)

ENHANCED SCHEDULER

A COMPLETE RESOURCE OVERVIEW

Designed to operate on any device with a web browser, the Smartway2 Enhanced Scheduler provides administrators with a clear calendar view of all booked and available resources within their entire organisation.

Using drag & drop functionality bookings may be made, edited and deleted directly from this calendar view.

For more, see the Smartway2 product sheet;
